

NortonLive Spyware & Virus Removal Service

Sit back. Relax. We'll fix it!

OVERVIEW

NortonLive Spyware & Virus Removal Service helps consumers and small businesses detect and eliminate deep-rooted PC viruses, spyware, adware, trojans, worms and other complex malware. Available around the clock, from the comfort of your home or office, NortonLive security experts use a secure Internet connection and the latest security technology to diagnose and repair your infected computer. There's no drop-off and pickup, home visit, or confusing instructions. Save yourself time, money, countless hours of frustration and avoid harms from identity and data loss. We are here to help you get your computer – and your life – back on track.

BENEFITS

- Saves you hours of unproductive effort
- Lets you avoid trips to store and repair delay
- Extends the life of your PC so you're not forced to buy a new one
- Prevents a potentially catastrophic loss of your files or personal identity
- Immediately ends the anxiety of not knowing the infection cause or solution
- Restores smooth PC operation

FEATURES

- Cures for abnormal PC activity, pop-up windows, suspicious alerts, and other suspicious behavior
- Detection & elimination of the latest threats other security products miss
- Automated Windows updates set up to reduce future infections
- Recommendations for avoiding or dealing with a future infection
- Repairs and maintains PC health
